Profile

I build interactive web experiences with cinematic motion, careful typography, responsive layouts, accessible interactions, and fast hand-coded frontends.

Selected Work

ExamPrepHub - exam preparation platform with quizzes, progress tracking, and resources.

NOIR - luxury fashion brand concept with cinematic editorial frontend craft.

Sabor - restaurant brand redesign with gallery and WhatsApp reservation flow.

E.D.X - futuristic creative tech company concept for digital experiences.

Skills

HTML, CSS, JavaScript, responsive design, motion design, brand systems, frontend polish, performance-minded implementation, and visual storytelling.

Focus

Clean code, bold interfaces, glassmorphism, modern portfolio builds, product landing pages, and refinement for teams that want stronger presence.
